1 INTRODUCTION

It was on 27th Jan 2017 when we had a beach party at hero beach in Entebbe. We left campus at 10:00am to Entebbe in a shuttle comprising of both ladies and gentlemen who were dressed up smartly in a party mood with their patterns ready to take time together for their memories.

2 DISCUSSION

The beach was hard so many ladies than men that people expected no bachelor to be in the party that day. When we reached the beach couples were moving out well equipped in their beach dress as they walked to the different playing grounds like sunbathing, volleyball court, as others went to watch beach football and to play in the water. When time for lunch came as the day goes by and couples were on round tables ready to drink, eat and enjoy themselves, people were shocked to see more than two handsome gentlemen without ladies in one table scratching their minds with heavy assumptions. The following were lists of food on the table.

food List			
FOOD TYPE	SIDE DISHES	DRINKS	AMOUNT
Chips and chicken	vegetable	Bond 7,a and v, simioff	150,000 ugs
Coil fish with pilou	chips	Bond7,a and v,simioff	250,000 ughs
BEAF	chips	Bond 7,a and v, simioff	200,000 ughs
TRADITIONAL FOOD		water and soda	100,000 ughs

The data collected contains the following:-

1. Bottle filling between the couple and the bachelor and bachelor won, they

were rewarded for their active participation.

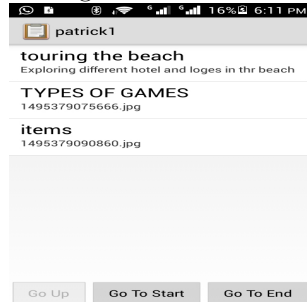

2. A beach football match between the couple and bachelor, bachelor took the lead in first half and finally went through with three goals to zero

3. A dancing completion were each couple was to perform for 15 minute .

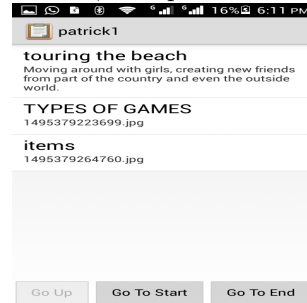

Late in the evening everyone was expected to move back in the shuttle such that we return back to campus and that men who never had women at first had more rewards and were very contented with them.

One of the bachelors out money from his wallet and ask whether any couple have much money than him, to most surprising bit all couples money were added and total and was not half of the money the guy pulled out and it was that day I cant forget that rich men at every point are always the one without ladies.

3 CONCLUSION

I have learnt that women also makes men lazy, as same, and pulled for some

other things they cant manage and finally failed.
